PARK FOR BASEBALL

The League Will Take Steps to Get Grounds.

Baseball men are preparing for their season and the outlook is that within the week arrangements will have been made for the securing of a site for a recreation park, on which the league games will be played. The next meeting of the League will be held tomorrow evening, at the Elks' Club rooms and important action looking to the future will be taken.

It was decided at the meeting of last evening that there should be added to the list of officers of the League a board of trustees. The laws will be so changed as to put it within the province of this board to hold all the property of the League, and to manage its fiscal affairs. The plan is to have this board take the lease of the grounds which are to be chosen, so that it may be in the hands of responsible body, as the League is not incorporated, and thus insure against the stock being cornered and held in hands of those who might in the future make it the basis for a money-making enterprise.

The plans discussed were the making of a playing ground for the present season with the diamond bare, and the grass planted only in the outfield. There will be erected a grandstand, in position similar to that which was on the old grounds, in Piikoi street, and no grounds will be chosen for the use of the League unless there is sufficient space to permit of the deepest fields in all directions from the home plate. The grand stand will be covered and netted and every arrangement made for the comfort of the spectators. All of the clubs in the League are at work practicing for the coming series and several of these have new men under engagement, so that the outlook is for good sport. There will be a practice game between the new Elks club and the Customs, on Sunday morning at 10 o'clock at Kapiolani Park.

WORK FOR TOURISTS.

After considering the matter for several days and securing the consent of their candidates to accept the task of inaugurating the work of making Hawaii known as a resort for tourists, the presiding officers of the commercial bodies yesterday made the following appointments to the governing committee: Chamber of Commerce, C. S. Wright and J. A. Kennedy; Merchants' Association, W. W. Hall and J. A. Gilman.

The first meeting of the body was held during the afternoon in the directors' room of the Bank of Hawaii, Messrs. C. M. Cooke of the Chamber and W. W. Dimond of the Merchants', being in attendance as ex-officio members. The meeting was taken up with a general discussion of methods, the members going over the many plans which have been suggested by those who have been connected with the pushing of the work thus far, and the making of tentative plans.

The joint committee was kept so busy with this branch of the work that there was not time to take up the choosing of its fifth member. It is understood that the most prominent candidate is F. C. Smith of the Oahu Railroad. There will be a meeting very soon at which this place will be filled, and then the work of the committee will be taken up in earnest. The first thing that will be done will be the meeting with the committee of agents of the transportation companies, for the purpose of arranging if possible for the diversion of the tax now laid upon imports for quarantine wharf purposes. Until this step is taken there will be no action along the general lines which have been discussed.
